## PROFILE

An innovative and resourceful software engineer with 3 years of hands-on experience in designing and developing dynamic, user-centric applications. Passionate about leveraging cutting-edge technologies to create impactful software products that meet user needs and exceed expectations.

Skilled in Flutter, Django, Python, and Firebase, with expertise in crafting responsive UIs, integrating robust backend systems, and deploying applications across web and mobile platforms. Proficient in AWS for project deployment and hosting scalable applications.

A proactive team player committed to learning, collaboration, and delivering high-quality solutions. Excited to contribute to meaningful projects, grow with an organization, and make a lasting impact through technology.

## Experience

**Virtuous Global Services Pvt Ltd, Pune**

**5 Jan 2022 – Present**

### 1. E-commerce Application:

- Developed a responsive e-commerce platform featuring product browsing, cart management, and secure checkout.
- Built REST APIs using Django for product, order, and referral management.
- Implemented a referral program with link generation, conversion tracking, and reward distribution.
- Integrated payment gateways with real-time order tracking and notifications.

### 2. Agricultural Application:

- Developed cross-platform mobile applications using Flutter and Django, ensuring seamless user experiences.
- Created scalable backend services with secure RESTful APIs for managing complex business logic.
- Deployed projects on AWS, optimizing performance with EC2, S3, and CloudFront.
- Collaborated with designers, product managers, and QA teams to meet project deadlines.

### Key Achievements:

- Integrated ML models with Flutter and Django backend for real-time plant disease detection.
- Enhanced app responsiveness, boosting user engagement by 25%.
- Migrated a legacy application to AWS, reducing hosting costs by 30%.

## EDUCATION

**Nov 2021 - 2024**

**B. Tech**

**PRIYADARSHINI COLLEGE OF ENGINEERING, NAGPUR**

UG Course of Artificial intelligence and Data Science.

**Sep 2018 - May 2021**

**POLYTECHNIC**

**SHRI DATTA MEGHE POLYTECHNIC, NAGPUR**

Diploma Course of Computer Management.
